Real & Nonsense Words

The Teacher Support Hub

Thank you for purchasing my product. Games are a great way to reinforce learning. My students love playing games, especially reading games. They don't even realize they are learning and practicing the skills we are working on in reading groups.

This 56 slide product contains both color and black & white versions

- 2 types of directions in color & black & white
- Vowel Digraphs – Diphthong ai, ay, ee, ey, oa, oe, ue, oi, oy, au, aw, ou, ow, oo, ee, eu, ew, & ui
- Set of game pieces

For this game, you will need:

- Print out the book for game pieces or you can use your own. I also included blank ones if you wanted to color your own.
- You will also need a dice or use an online dice

Note:

- You will need a dice for each game
- I would recommend printing out and laminate game cards and book counters for multiple uses.

I hope you enjoy this game as much as my students and I do!
